

# Jake Tarantino Shoots Christmas Music Video in Mallorca

Mallorca is not only a popular summer destination but is now becoming the backdrop for the new Christmas project by the multifaceted Jake Tarantino. The actor, musician, and host of the local station Mallorca24TV has decided to shoot the music video for his song Another Lonely Christmas on his home island.

Tarantino, who was born and raised in Mallorca, emphasized that this decision was made deliberately:

“Of course, cities like New York or London have a stronger Christmas atmosphere. But I wanted to showcase the beauty and uniqueness of Mallorca – even during Christmas time.”

## A Christmas Mallorca as the Setting

The filming takes place at iconic locations on the island, including the picturesque Palma with its atmospheric Christmas markets and illuminated streets, as well as other charming spots that capture the winter charm of Mallorca. Despite the relatively mild climate during Christmas, the island is immersed in a festive mood with its markets, nativity scenes, and events, which will give the video a unique touch.

## A Versatile Artist

Jake Tarantino is well known far beyond Mallorca. As an actor, he shines in theater and film, while as a host, he focuses on life on the island. However, it is his passion for music that drives him. With Another Lonely Christmas, he combines Christmas melancholy with catchy pop melodies. The song addresses the loneliness many people feel during the festive season – a message that resonates deeply.

His commitment to the island is reflected not only in his art. Jake is actively involved in cultural projects and the promotion of local talent. With this video, he once again demonstrates that Mallorca can be a cultural highlight not only in summer but also in winter.

Fans can expect the music video to be available from Monday, December 9, on Tarantino’s official channels. With this project, he once again underscores that the combination of talent, connection to his roots, and innovation makes a strong statement for Mallorca's creative scene.
